Transport Access Program

Croydon Station Upgrade

APRIL / MAY 2017 COMMUNITY NOTIFICATION

The Transport Access Program is a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern and integrated transport infrastructure.

The Croydon Station Upgrade includes new lifts, a new pedestrian footbridge, improved shelter, new bicycle racks and upgrades to lighting and CCTV surveillance.

New station concourse under construction – April 2017

Upcoming construction activities

Over the coming months, you may notice the following activities:

- Concrete works for new stairs and retaining walls
- Installation of roofing for the new concourse and station operations building
- Installation of window frames and ventilation louvres
- Platform services installation

Weekend works - Saturday 29 April to Sunday 30 April 2017

From **12.30am Saturday 29 April to 10pm Sunday 30 April 2017**, work will be undertaken during a scheduled Sydney Trains trackwork weekend where limited services are running (for information regarding rail services during the weekend, kindly contact the Transport Infoline on 131500).

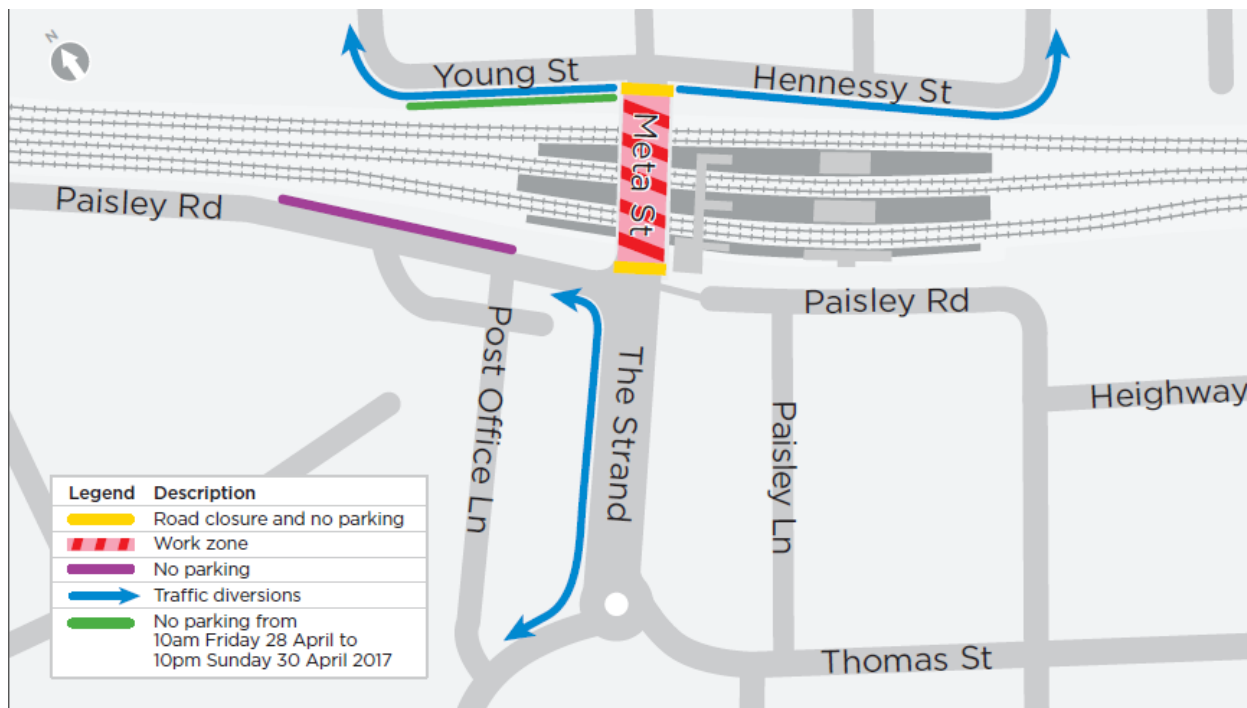

Key activities during the weekend include:

- Installation of roofing windows and ventilation louvres for the new concourse
- Electrical works for the new station power supply
- Removal of temporary hoardings on the new concourse
- Trenching activities on platforms and services installation

Access into the rail corridor for these works will be via the rail access gate on Hennessy Street at the intersection with Edwin Street North and the site compound on Paisley Road. These access points will be used throughout the weekend works.

Temporary traffic and parking changes

This map outlines the traffic and parking changes during this period:

What equipment will be used?

The following equipment may be used during the construction period:

- Elevated work platforms
- Concrete vibrator

- Hammer drill
- Crane and truck
- Excavators
- Concrete truck and pump
- Portable generators
- Power and hand tools
- Construction vehicles
- Vacuum truck

Some of the works will be noisy. Every effort will be made to minimise the impacts to customers, nearby residents and businesses. You may notice workers within the rail corridor, on the station platforms and within the work compounds on Paisley Road and Hennessy Street. Where required, signage will be installed and traffic controllers will be on site to facilitate safe pedestrian and vehicle movements.

Standard construction hours

Other work will continue during standard construction hours, Monday to Friday 7am to 6pm and Saturday 8am to 1pm. The community will be informed of any works occurring outside of these hours prior to those works commencing.
