

F6 Extension Stage 1

Work at Victory Reserve, Rockdale,
from Thursday 6 December

The NSW Government is progressing with the development of the F6 Extension Stage 1 between the New M5 Motorway at Arncliffe and President Avenue at Kogarah.

Roads and Maritime Services is carrying out geotechnical investigation work to gather information about the ground conditions within the F6 Extension project area. Our advisors have selected several sites between Arncliffe and Kogarah. We have included a map to show the location of the investigation work closest to you.

Our work schedule

The investigation work will start from **Thursday 6, December** and will be completed by **Friday 21, December** weather permitting.

Our work hours will be between:

- Monday to Friday, 7am and 6pm
- Saturday, 8am to 1pm (if required).

The work will take around 11 days to complete at Victory Reserve, Rockdale.

How will the work affect you?

The work requires the drilling of boreholes to extract soil samples using borehole drilling equipment. To carry out the work, light vehicles, drilling rigs and a trailer mounted generator will be in use. Heavy vehicles will not be used. Access to private property will be maintained.

There may be some noise associated with this work. We will do everything we can to minimise its impact, and we will try to minimise disturbance to the local community.

Traffic changes

To ensure the work zone is safe, Roads and Maritime will install temporary fencing and traffic cones around the work area for the duration of the drilling work.

There will not be any traffic changes associated with this work. Pedestrian access to footpaths might temporarily be altered.

For the latest traffic updates, you can call 132 701, visit www.livetraffic.com or download the Live Traffic NSW App.
