

M6 Stage 1

Bridge construction at Ador Park Precinct and McCarthy Reserve, Rockdale from Wednesday 18 November

We are underway with our work to build your new and upgraded community facilities as part of the M6 Stage 1 project.

From Wednesday 18 November we will start building the cyclist bridge across Muddy Creek. Once complete, the cyclist bridge will connect to the future cyclist and pedestrian pathway network.

What does our work involve?

Our work involves drilling into the ground and pumping concrete to build the foundations for the cyclist bridge over Muddy Creek. The construction of the bridge will be completed at a later date.

We will use a piling rig, light vehicles, an excavator, a concrete pump and truck to complete this work.

A map of our work area is shown over the page.

Our work schedule

This stage of our work will take up to five weeks to complete, weather permitting.

Our work hours are:

- **7am to 6pm, Monday to Friday**
- **8am to 1pm Saturday**

How will our work affect you?

Some of the piling work will be noisy.

We will help to reduce noise by:

- carrying out this work periodically over the four week period to provide respite
- using non-tonal reversing alarms (quackers) on all machinery
- turning off equipment and vehicles when they are not being used
- minimising reversing where possible.

For the safety of our workers and the community, there will be temporary traffic changes during our work hours to ensure the work area is safe.

Lane closures may be in place during the work and may affect travel times. We ask pedestrians and motorists to take care when navigating around our work area.

Please keep to speed limits and follow signs and traffic controllers' directions.

Should we require lane closures, we will inform the community in advance

Supporting our community

Currently infrastructure construction projects are considered essential to the economy and will continue as planned across the city and the state.

The M6 Stage 1 project will deliver 5,300 jobs and support the local economy.

The safety and wellbeing of our workforce and the wider community is our highest priority. Our people are following hygiene and appropriate social distancing measures and will continue to do so.
