

Denmark Link Road

Survey and investigations from Monday 20 November 2017

Roads and Maritime Services | November 2017

The NSW Government is funding the planning for the proposed Denmark Link Road from the intersection of Garfield Road West and Denmark Road, Riverstone to the Westminster Street Bridge, Schofields.

The proposed Denmark Link Road would reduce congestion and delays currently being experienced at the Garfield Road railway crossing, Riverstone and provide an alternative local road connection for light vehicles wanting to use the Westminster Street Bridge.

Roads and Maritime Services will carry out survey and investigations along Garfield Road West, Riverstone to refine the proposed design for Denmark Link Road from **Monday 20 November to Friday 24 November 2017**, weather permitting.

Please refer to the map on the back of this page for the location of this work.

To minimise the impact on road users, this work will take place at night between **8pm** and **6am**.

How will this work affect you?

Our work may be noisy at times, however we will reduce noise impacts by arranging the work in stages at the different locations. We will also try and complete work near residential addresses during the day.

Traffic changes

There will be some temporary traffic changes to ensure the safety of road users and workers. Some lane closures will be in place and may affect travel times. Access to properties will be maintained.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact the project team on 1300 367 561 or RiverstoneNWGC@rms.nsw.gov.au. For more information on the proposed Denmark Link Road project, visit www.rms.nsw.gov.au/denmarklinkroad.

Thank you for your patience during this important work.
