

# Transport Access Program

## Edgecliff Station Upgrade

**COMMUNITY NOTIFICATION**

**SEPTEMBER 2018**

The Transport Access Program is a Transport for NSW initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

## Project overview

Transport for NSW is upgrading Edgecliff Station to make it more user-friendly and easier for everyone to access.

Key features of the station upgrade include:

- Two new lifts will provide access to the train platforms and the bus interchange
- Four escalator replacements between the train platforms and concourse
- Relocated ticket gates to improve customer flow
- New kiss and ride zone on New McLean Street
- Improved pedestrian access and safety in the bus interchange with introduction of pedestrian crossings.

For more information call 1800 684 490,  
Email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au) or visit [transport.nsw.gov.au/projects-tap](http://transport.nsw.gov.au/projects-tap)  
For urgent enquiries or complaints regarding construction activities, please call 24 hours 1800 775 465

## Project update

Construction work on the platforms will continue throughout September and may be noisy due to the construction of the new lift shaft and fire stairs from the platforms to the concourse. Additionally, new hoarding will be installed on the concourse, between the two escalators, to provide space for the construction of the top of the new lift shaft.

Construction works during this September will include the delivery of concrete and other building materials, and the use of power tools. Every effort will be made to minimise the noise impact on customers, local businesses and residents. Where we expect the work to be audible outside the station, we will undertake **noise monitoring**.

Train services will remain **fully operational** during September, except during the shutdown weekend on the **8<sup>th</sup> and 9<sup>th</sup> September**. We apologise for any inconvenience and appreciate your cooperation during these important works.

## Standard construction hours

Standard working hours are **7am to 6pm, Monday to Friday**, and **8am to 1pm, Saturday**. Works during these hours will mostly occur behind the hoardings on the platform. Notifications of any works occurring outside of these standard hours will be given prior to works commencing.

## Notice of out of hours works

During the month of September, a few small concrete pours will occur on New McLean St between **10pm and 2am**. A further notification will be provided for these works once the exact dates are confirmed to the surrounding residents. Other regular works at night will occur throughout September, and our aim is to minimise inconvenience during these times.

## Weekend Works – 8<sup>th</sup> and 9<sup>th</sup> September

For the weekend of the **8<sup>th</sup> and 9<sup>th</sup>** of September, there is a scheduled shutdown with buses replacing train services. The project will make the most of this opportunity and be transporting material to and from the Station on the Saturday during the day. There will also be additional work groups from Sydney Trains carrying out routine maintenance works during this period.

## Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website found at: <https://www.transport.nsw.gov.au/projects/current-projects/edgecliff-station-upgrade> . For further information on the project, please call the Project Infoline on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au).
