

Transport Access Program

Hazelbrook Station Upgrade

Community Notification

September 2018

The Transport Access Program is a Transport for NSW initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

Planning is underway for a potential accessibility upgrade at Hazelbrook Station. As part of the planning process, preliminary investigations will be undertaken to help identify what upgrades would be required to make Hazelbrook Station accessible. Once these investigations have been completed further analysis will be undertaken before this project progresses to the next stage in planning. The community and stakeholders will be informed should this project be approved for progression as a future delivery project.

Upcoming weekend works

From **6pm on Saturday 08 September to 6pm Sunday 09 September 2018** geotechnical site investigations and survey works will occur on the station island platforms during a scheduled Sydney Trains trackwork period.

Equipment to be used during this time will include;

- Drill rig
- Hi-rail flatbed truck to deliver the drill rig to platform
- Power and hand tools

These works are not expected to impact local roads, traffic arrangements or normal businesses operations and **the station footbridge will remain open to pedestrians.**

Buses will be replacing train services throughout the weekend due to the Sydney Trains weekend trackwork. Please visit transportnsw.info for the most up-to-date information about services during this time.

We apologise for any inconvenience and thank you for your co-operation during these important works.

Standard working hours

All other investigation activities on the station upgrade will occur during standard working hours, which are

- 7am to 6pm Monday to Friday, and
- 8am to 1pm Saturday

Notification will be provided for any works occurring outside these standard hours prior to works commencing.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
