

# Transport Access Program

## Harris Park Station Upgrade

### Community Notification

**MARCH 2018**

The Transport Access Program is a Transport for NSW initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

### Project Overview

Significant changes have been made to the Station Street West entry of Harris Park Station. The upgraded entry will feature an accessible ramp and relocated stairs and pedestrian crossing.

This month roofing works will continue around both station entries, as well as upgrades on the footbridge and concourse that will include construction of the new station family accessible toilet and station buildings.

### Upcoming out of hours works

#### From 2am Saturday 10 March to 2am Monday 12 March 2018

Works this weekend will include excavation on platform 1/2; roofing works over the eastern entry to the station and upgrades within the concourse, including finishing works and painting.

Traffic control will be present to direct traffic and pedestrians to safe access pathways. This work may be noisy at times. Every effort will be made to minimise the noise impact on nearby residents and businesses.

### Temporary Changes to Access

**Access to the footbridge from the eastern ramp will be CLOSED to pedestrians.** An alternate pedestrian route, via Wigram street, is indicated on the map on the following page.

**Commuters can access trains running from platforms 3 and 4 from Station Street West.** The pedestrian route is indicated on the map below.

Please see map below for Harris Park Station access, pedestrian routes and traffic detours. For enquiries regarding rail services normal operating from platform 3/4 during the weekend works, please contact the **Transport Infoline on 131 500**.

## Between 7am to 6pm Weekdays from Monday 12 March to Friday 23 March 2018

Works during this period will include the installation of roofing and canopies to the Station Street west entry.

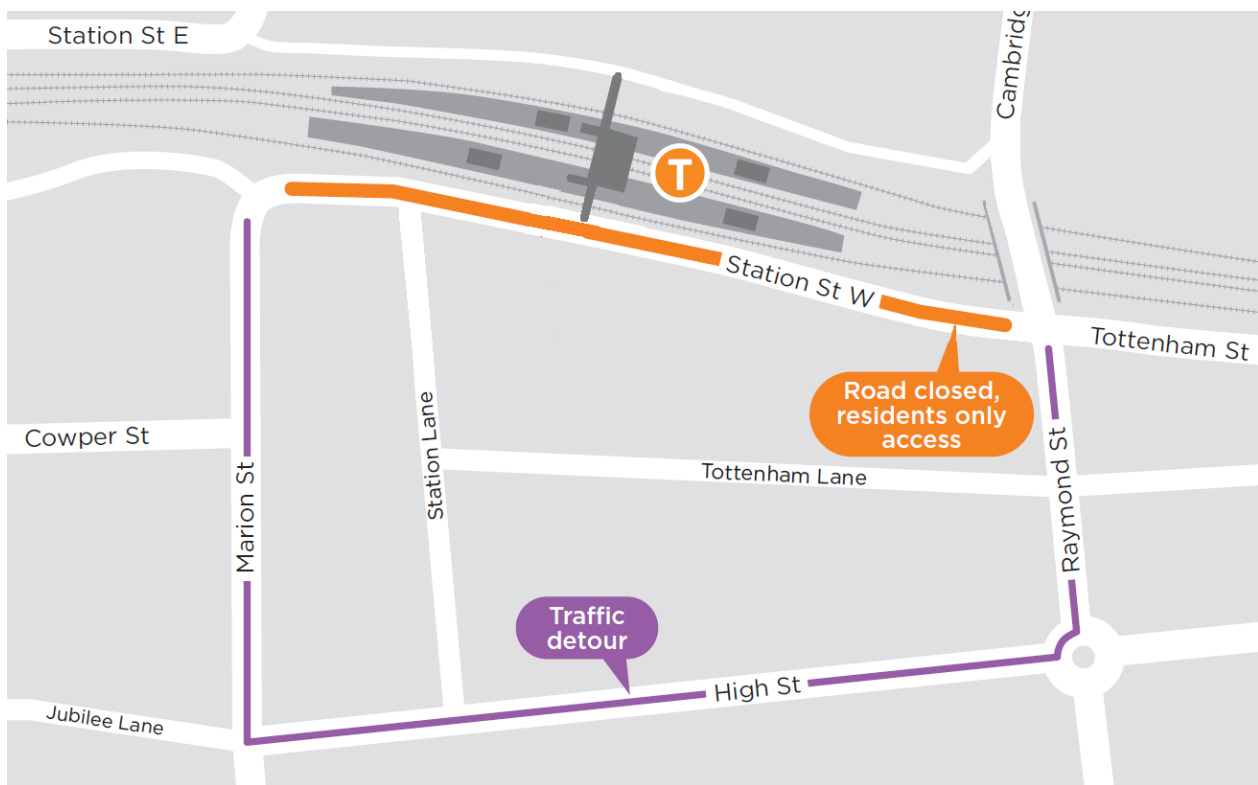

**Trains will run as normal and pedestrian access will be maintained at all times.**

Traffic control will be present to direct traffic and pedestrians to safe access pathways. This work may be noisy at times. Every effort will be made to minimise the noise impact on nearby residents and businesses.

## Temporary Road Closure

**Station Street West will be closed to traffic from Cambridge Street to Marion Street, with residents only access.** Traffic control will be in place to allow safe access for residents, and to direct traffic around the detour. Pedestrian access will be maintained at all times.

Please see map on overleaf for Harris Park traffic detour.

## Standard construction hours

Other construction on the Harris Park Station Upgrade will continue throughout the month during standard working hours, which are 7am to 6pm Monday to Friday, and 8am to 1pm Saturday. Any works occurring outside these standard hours will be notified prior to works commencing.

## Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website found at: [www.transport.nsw.gov.au/projects/tap/current-works/harris-park-station](http://www.transport.nsw.gov.au/projects/tap/current-works/harris-park-station). For further information on the project, please call the Project Infoline on 1800 684 490 or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au).

**We apologise for any inconvenience and appreciate your cooperation during these important works.**
