

Transport Access Program

Homebush Station Upgrade

MAY 2018

The Transport Access Program is a Transport for NSW initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

Homebush Station upgrade is now complete!

We thank the community for your continued patience and cooperation during the important upgrade works over the past fifteen months.

As part of the recently completed upgrade, three new lifts have been installed. Lifts are now available to enable customers to access the station footbridge from both Loftus Crescent and The Crescent, as well as lift access between platform 5/6 footbridge.

Other features of the upgrade include:

- New canopies on the footbridge, and new handrails along the footbridge and on all stairs
- Platform resurfacing on platform 5/6, including new tactiles
- Hearing loops have been installed, as well as upgrades to lighting and CCTV
- On The Crescent side:
 - Two new accessible parking spaces and one taxi space have been created near the lift landing
 - New pavers installed around the upgraded bus shelter
- On Loftus Crescent side:
 - a new bike shelter has been erected,
 - a new pedestrian crossing installed,
 - resurfacing of the Station entry around both the stairs and lift area, and
 - a new bus shelter was constructed, including new tactiles to improve accessibility for those with vision impairments.

Out of hour works

From 7pm Sunday 20 May 2018 to 7am Monday 21 May 2018

- Works during this period will take place to complete final electrical works on the station.

Pedestrian access will be maintained and trains will run as normal. This work is not expected to be noisy.

Homebush Station Upgrade progress photos

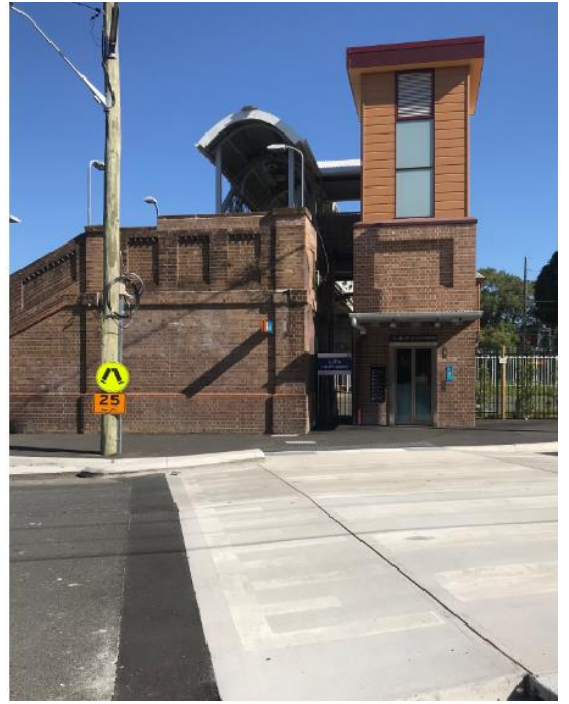

Weekend works during August 2017. Works included canopy installation on the footbridge and work on The Crescent lift shaft

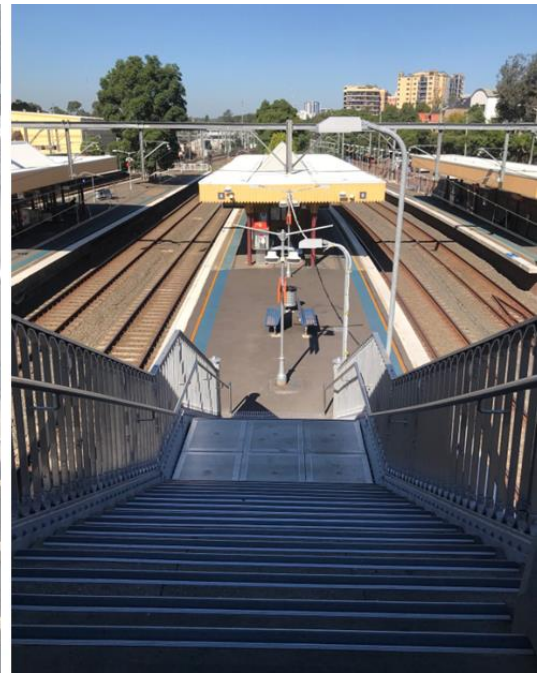

Progress photos from early 2017 to early 2018, Canopies and lifts shafts installed, civil works under construction on Loftus Crescent around street access lift shaft.

Project completeion photos

Works on Loftus Crescent included the installation of a new bus shelter, with directional tactiles, resurfaced pathways and a new bike shelter. Civil works also included a new pedestrian crossing.

Platfrom 5-6, installation of handrails resurfacing of the platfrom and canopies on the footbridge

Lift access on The Crescent, upgraded bus shelter with directional tactiles and new pavers. Installation of two new disabled parking spots with ramp access on the footpath.
