

# Transport Access Program

## Harris Park Station Upgrade

**COMMUNITY NOTIFICATION**

**JULY 2018**

The Transport Access Program is a Transport for NSW initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

### Project Overview

Roadworks on Station Street West are now complete with minor civil works to continue throughout July. Station Street West is now fully open, with a new commuter carpark that includes an accessible parking space.

The project is very close to completion and we thank all affected commuters and residents for their patience during this upgrade.

### Upcoming out of hours works

**From 2am Saturday 7 July to 2am Monday 9 July 2018**

Work is planned during a scheduled Sydney Trains shutdown to provide safe access for workers and minimise disruption to rail users. Work during this period will include minor modifications around the station and roofing works.

**Harris Park Station Footbridge will remain open to pedestrians during this period.**

Buses will replace trains, from the relocated bus stop located on Station Street East. For enquiries regarding rail services during the weekend works, please contact the Transport Infoline on 131 500.
