

Transport Access Program

Glenbrook Station Upgrade

Community Notification

October 2019

Project update

The Glenbrook Station Upgrade is part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

Work completed in September included:

- regrading of station platforms
- progressing the new Family Accessible Toilet (FAT)
- installation of glass panels to the new canopy at the entrance of the new FAT
- brick cladding of lift shaft
- installation of electrical and communication systems
- stormwater and drainage work around the city end of the platform
- completion of the new unisex ambulant toilet
- upgrades to tactile ground surface indicators on platform
- commencement of mechanical lift fit-out.

Work planned for October

During October, work will commence and continue on:

- completing and opening the new FAT
- installing and testing of a new station transformer
- installing external walls and handrails at the lift entrance
- replacing handrails on existing footbridge stairs
- completing and opening of new stairs and closure of existing ramp
- road work on Burfitt Parade, which will include the temporary closure of two parking spaces, on the east bound shoulder, to facilitate two new accessible parking spaces, for a period of approximately two weeks – refer map overleaf.

Night work – Thursday 24 to Friday 25 October

From 10 pm on Thursday 24 October to 5 am on Friday 25 October 2019 electrical commissioning will be occurring inside the station building. Hand tools will be used as part of these works.

To ensure the safety of our customers, the community and staff, this work will be completed at night time.

Temporary Closure of Car Parking on Burfitt Parade - East Bound Shoulder

Standard working hours

Standard work hours are between **7am to 6pm, Monday to Friday and 8am to 1pm Saturdays**. We will continue to inform the community ahead of any activities outside of standard work hours. We understand upgrades to the station can bring some inconvenience during construction and thank you for your patience during this time.
