

# Transport Access Program

## Edgecliff Station Upgrade

**COMMUNITY NOTIFICATION**

**APRIL 2019**

The Transport Access Program is a Transport for NSW initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure. Last month we continued to make progress with the project, with the opening of the new escalators.

*New escalators from the station platforms to the concourse*

## Project update

### Escalator 1 & 2

In March we saw the opening of the new escalators providing improved access to the platform. This opening enables construction to begin on the permanent fire stairs which will replace the current temporary stairs.

For more information call 1800 684 490,  
Email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au) or visit [transport.nsw.gov.au/projects-tap](http://transport.nsw.gov.au/projects-tap)  
For urgent enquiries or complaints regarding construction activities, please call 24 hours 1800 775 465

## New Ticket Gates

Construction of the new ticket gates is underway, and early April will see the opening of the newly installed gates. This upgrade will reduce congestion, with more gates being available further from the top of the escalators.

## New McLean Street Ramp

Temporary fencing has now been installed around the pedestrian pathways and existing one-hour parking spaces near the New McLean Street ramp. Seven trees are being removed in line with the planning approval of the project, which enables the safe construction of the new ramp to the station building. Removed plants will be replaced with fresh shrubbery and landscaping. Deliveries via New McLean Street will occur throughout the month and the surrounding public will be notified of any out of hours works.

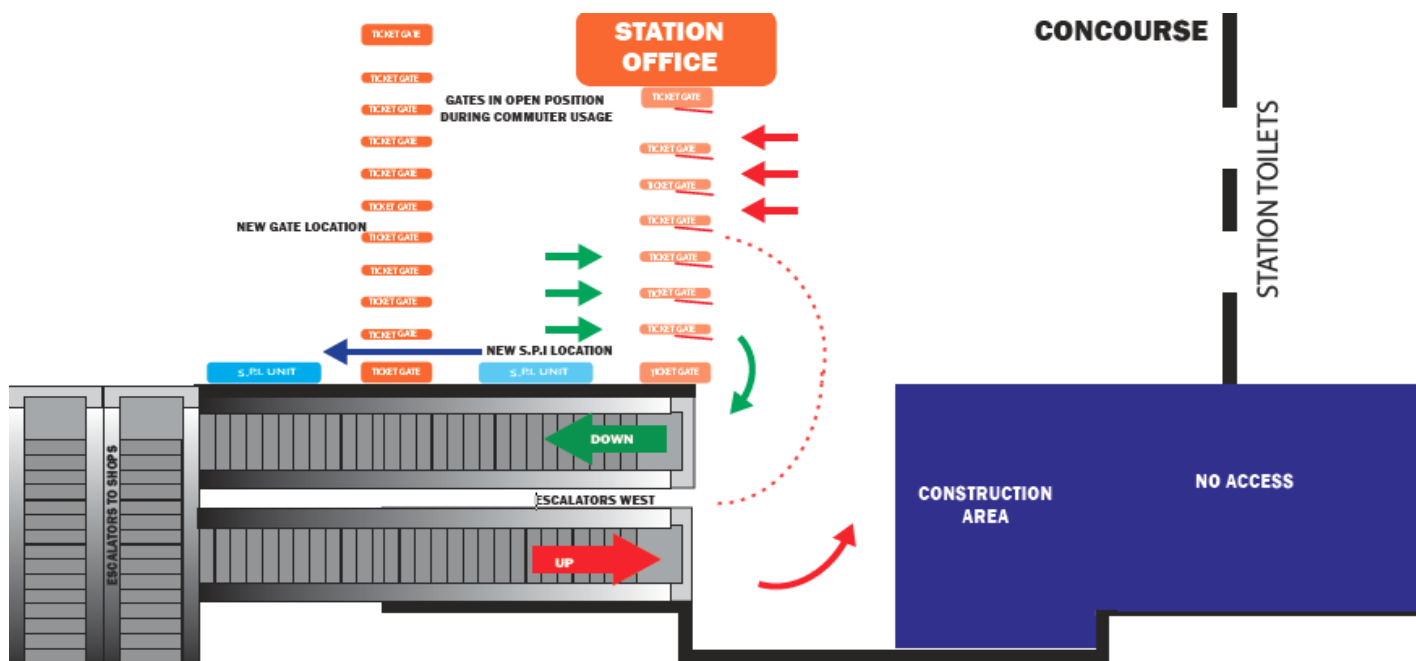

## Changes to Pedestrian Access

### Station Concourse

The new ticket gate works will be completed in early April, with access routes changing in late March. The public will be prompted by station staff to use the correct ticket gates during the installation of the new gates and removal of the old gates.

### Escalators 3 & 4

Following completion of the permanent fire stairs from the platform to the concourse (to be used in an emergency), Escalators 3 & 4 will be closed from 8 April. The public will be prompted by station staff to use the newly replaced Escalator 1 & 2 and signage will be provided within station areas to assist.

April 2019 customer travel path through the station concourse

## New McLean Street

The New McLean Street Ramp will be closed from **29 April to 10 May 2019**. During this time, access will be available via alternate entry points throughout the car park, or from New South Head Road. Businesses in this section of Eastpoint Food Fair will be operating as usual, and can be accessed by these alternate routes. Signage will be installed to assist pedestrians to safe pathways.

## Out of hours works

Night works will continue within station areas between **8pm and 5am, Sunday through Thursday** throughout the month of April. Some deliveries and concrete pours are restricted to these night periods via New McLean Street and we will endeavour to limit the impact on surrounding residents. Noise mitigation measures such as respite periods during noisy activities will be utilised, and noise monitoring will be undertaken to ensure adherence with approved activities.

Date	Bus Interchange & New McLean Street		Station Platform & Concourse	
31 <sup>st</sup> of March to 6 <sup>th</sup> of April	2000 - 0500	Deliveries, concrete pours and construction preparation for station fire stairs.	2000 - 0500	Construction of permanent stairs.
	These works are expected to generate elevated levels of noise with 2 nights of concrete trucks on New McLean Street. Residents in close vicinity to the works will receive additional notification.		These works are not expected to be audible outside of the station building.	
7 <sup>th</sup> to 13 <sup>th</sup> of April	2000 - 0500	Removal of escalator materials.	2000 - 0500	Removal of escalators 3 & 4.
	There will be some additional vehicles during this period, every effort will be taken to minimise impact to the public.		These works are not expected to be audible outside of the station building.	
14 <sup>th</sup> to 20 <sup>th</sup> of April	2000 - 0500	Removal of escalator materials.	2000 - 0500	Removal of escalators 3 & 4.
	There will be some additional vehicles during this period, every effort will be taken to minimise impact to the public.		These works are not expected to be audible outside of the station building.	
21 <sup>st</sup> to 27 <sup>th</sup> of April	2000 - 0500	Removal of escalator materials.	2000 - 0500	Removal of escalators 3 & 4. Lift 1 construction commencing.
	There will be some additional vehicles during this period, every effort will be taken to minimise impact to the public.		These works are not expected to be audible outside of the station building.	
28 <sup>th</sup> of April to 4 <sup>th</sup> May	2000 - 0500	Removal of escalator materials and closure of New McLean Street Ramp.	2000 - 0500	Removal of escalators 3 & 4. Lift 1 construction.
	There will be some additional vehicles during this period, every effort will be taken to minimise impact to the public.		These works are not expected to be audible outside of the station building.	

**\*\* Works subject to minor changes**

## Standard construction hours

Standard working hours are **7am to 6pm, Monday to Friday**, and **8am to 1pm, Saturday**. Works during these hours will occur behind the hoardings or temporary fencing. In consultation with local businesses and residents, we will aim to complete all major noisy works during these hours, including most material movements. Suitable respite periods and noise reduction methods will be used where possible.

## Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website found at: <https://www.transport.nsw.gov.au/projects/current-projects/edgecliff-station-upgrade>. For further information on the project, please call the Project Infoline on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au).
