## Transport Access Program

This project is being delivered as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure. As part of this program, the Hawkesbury River Station Upgrade would aim to provide a station precinct that is accessible to those with a disability, limited mobility, parents/carers with prams and customers with luggage.

## Next steps

Subject to planning approval, construction is expected to commence in late 2019 and take up to 18 months to complete.

Development of an initial concept design for the project.
