

Transport Access Program

Glenbrook Station Upgrade

Glenbrook Station Upgrade is now complete and the community is able to use the station's new and improved accessibility features.

Customers can use the new lift to access the station platform, footbridge and station amenities, including a new family accessible and an ambulant toilet.

CCTV, wayfinding and lighting have been improved to increase safety and security around the station precinct. The station entry and footpaths have been upgraded along with a formalised kiss and ride area on Burfitt Parade. Two accessible parking spaces within the commuter car park have also been improved.

The project was completed as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

Key facts:

468 workers on
the project

15,450 hours
worked

7.5 tonnes
of structural
steel used

301 cubic metres
of concrete
poured

Customers can now use stairs and lifts to access the station

Key features:

- A new lift
- Formalised accessible parking spaces and kiss and ride on Burfitt Parade
- Improved amenities including a new family accessible and an ambulant toilet
- New ramp and stairs connecting Burfitt Parade footpath to the station footbridge
- Upgrade of the existing pedestrian crossing on Burfitt Parade
- Upgrades to CCTV and lighting for improved safety and security.

Transport for NSW thanks the local community for its patience and understanding while we completed this important upgrade.
