

Transport Access Program

Hawkesbury River Station Upgrade

Project update

April 2020

The NSW Government is improving accessibility at Hawkesbury River Station. This upgrade will be delivered as part of the Transport Access Program, an initiative to provide a better experience for public transport customers by delivering modern, safe and accessible infrastructure.

Early work commenced in November 2019 and construction is expected to be complete in early 2021.

Upcoming work

Work will continue in April and will include:

- construction of the lift on Dangar Road, including concreting and backfilling the lift base
- relocating the emergency help point on platform 1
- installing temporary construction barriers at the northern end of the station to allow construction of the family accessible toilet and canopy footings.

Above left: Dangar Road lift excavation complete.

Above right: A temporary support structure being removed using a 100-tonne crane.

Work hours

Work will be carried out during standard construction hours, which are **7am to 6pm Monday to Friday** and **8am to 1pm Saturday**.

We will notify nearby residents and businesses in advance if we need to work outside these times.

Amenities

From 6 April 2020, the existing male toilet will be temporarily closed and the female toilet will be converted into a unisex toilet during construction of the family accessible toilet.

Equipment

Equipment to be used includes concrete pumps, cranes, excavators, shoring equipment, hand tools, power tools, trucks, light vehicles and delivery vehicles.

Traffic and pedestrian changes

To assist pedestrians and motorists, traffic control will be in place on Dangar Road during construction of the lift and for delivery of materials. Access to the marina will be maintained at all times.

Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website found at: www.transport.nsw.gov.au/hawkesbury-river. For further information on the project, please call the Project Infoline on **1800 684 490** or email projects@transport.nsw.gov.au.

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
